

PAC-MAN BATTLE ROYALE

NAMCO America presented Pac-Man Battle Royale at last month's Amusement Expo. Up to four-player group competition, eating power pellets lets players "power up" and eat non-powered Pac-Man players. The last Pac-Man standing wins each round, of which there are five.

EASY TOUCH-DOWN

EASY Touchdown from Smart Industries combines quick-coin pusher game play with the benefits of a self-merchandise game. Players stop the wipers to aim the coins they drop then try to drop them through the many bonus areas. As they rack up points, players can use their score to vend prizes from the game's cabinet or print a receipt to redeem at another time.

BATTERY SERIES 2000

THE 12v Battery Series 2000 bill validator from MEI was on show at last month's Amusement Expo. Featuring an enhanced sleep mode, instant-on, wake-up circuit with minimal idle current and low operational current draw for long battery life. It is available in AE2400 and AE2600 configurations.

KABOOM

KABOOM Demolition Company from Adrenalin Amusements is a new game that sees the player load and detonate explosives to tear down disused structures for the good of upcoming real estate projects. The object of the player's "employment" is to load all five TNT containers by stopping the light on the desired load zone – the player is then paid in tickets depending on their results. Suitable for all ages, it features a multi-level option, ticket reward structure, available as a prize coupon game, a 1,000 watts vibration platform and 22ins HD LCD monitor.

SPEED BAG

A NEW kid's size game designed by Bob's Space Racers, Speed Bag is different from other punching and strength games. Lights above the bags light up for the bags to score. It's all about speed and coordination, not strength – perfect for the younger player.

SHARKY'S TREASURE

A FAST-paced shooting game from Bob's Space Racers, Sharky's Treasure has taken a new concept and infused it with proven electronics. It combines colourful characters with exciting new game play while encouraging high quality fun. The object of the game is to shoot the sharks as they randomly pop up and down using continuous shooting action.

BIG BUCK HUNTER PRO

STERN Pinball presented its Big Buck Hunter Pro pinball machine at this year's Amusement Expo in Vegas, alongside the latest Shrek pinball to coincide with the latest film, due for release in May. Gary Stern (left) also hinted there is an Iron Man machine on its way, which will coincide with the release of Iron Man 2.

Top 10 Chart

Redemption

- 1 Deal or No Deal - ICE
- 2 Slam-a-Winner Xtreme - Benchmark
